

KATSUYOSHI MATSUZAKI stone sculpture

July 10 2009 - July 26 2009

Katsuyoshi Matsuzaki has creatively worked as stone sculpture for over twenty years, carving magnificent art pieces for both Japanese gardens and interior decor. For the past three years, his work has been exhibited at 45RPM in New York, and most recently his work was selected for the permanent exhibition in the Tokyo International Airport.

Omamoris-Musing stones

"Something new, something unchanging, something which creates a sense of ease, fully bathed in light or just a faint glow. Their appearance gradually changes. I only want them to exist and do so naturally in many places." - www.matsuzakikatsuyoshi.com
